PROFESSIONAL SUMMARY

Recent B.SC. IT graduate from the University of Mumbai with a strong foundation in web development and modern programming practices. Skilled in building user-friendly, responsive and visually appealing web interfaces using HTML, CSS, JavaScript, and AngularJS. Passionate about problem-solving, clean code, and continuous learning with a commitment to applying technical expertise to develop efficient, scalable, and impactful web applications.

EDUCATION

Ghanshyamdas Saraf College (CGPI – 8.7)	May 2025
Bombay Suburban Grain Dealers' Jr. college (HSC - scored 83.57%)	April 2022
Holy Angel High School (SSC - scored 90.40%)	April 2020

SKILLS

- **Languages & Tools:** HTML/CSS, JavaScript, Python, C# (OOPS concept), Github, VS Code, Visual Studio.
- **Framework & Technologies:** Angular JS, React, ASP.Net Webforms, ASP.Net Core(MVC, Web API).
- **Databases & Platforms:** PostgreSQL, SQL Server, Google Sheets, MySQL, Jupyter Notebook, Excel.

PROJECTS

Student Management System (*Git hub repository link*) March 2026
(ASP.NET Core Web API + MVC)

- Designed and developed a full-stack application combining **RESTful APIs** and **MVC architecture**.
- Created and tested multiple **HTTP endpoints** (GET, POST, PUT, DELETE) following **REST principles**.
- Utilized Swagger for interactive API documentation and debugging.
- Integrated database operations using **Entity Framework Core** for data persistence with **SQL Server**.
- Implemented **separation of concerns** between API and UI layers.
- Implemented form handling, data validation, and user-friendly UI for managing records.

Personal Portfolio Website (*https://Adeeba-Dev-portfolio.netlify.app*)
(AngularJS, JavaScript, HTML5, CSS3, Bootstrap, PHP)

- Developed a **responsive personal portfolio as a Single Page Application (SPA)** using AngularJS (ngRoute), enabling seamless client-side navigation without page reloads.
- Designed and implemented a **dynamic user interface** with HTML5, CSS3, and Bootstrap, ensuring a clean layout and cross-device compatibility.
- Integrated a **contact form with a PHP backend**, including dynamic success message handling using JavaScript and URL parameters to enhance user feedback.

CERTIFICATIONS

Completed all these certifications from the Program mentor and Great Learning

- **HTML/CSS**
- **JavaScript/ AngularJS**
- **SQL Server/ C# / MySQL**
